

# PointGuard<sup>®</sup> ULTRA<sup>®</sup> WITH SuperFabric<sup>®</sup> 9035

Since their inception, PointGuard<sup>®</sup> gloves have set the industry standard for needle protection, period.

The PointGuard<sup>®</sup> Ultra 9035 is a breakthrough seamless glove option that combines incredible needle-resistance with eco-friendly construction. The 9035 features a 12% recycled polyester shell that's derived from recycled plastic water bottle material and three layers of high performance SuperFabric<sup>®</sup> brand material technology on the palm for the highest levels of needle, cut, and puncture resistance available on the market.

Finished with a wrinkle rubber latex three-quarter palm and knuckle coating and antimicrobial cotton liner to reduce odor, the 9035 gives wearers incredible protection in a sustainable single-glove solution.

## Attributes

**Style:** Needlestick-resistant

**Grip:** Dry or light oil

**Cuff style:** Elastic

**Sizes:** 6/XS through 10/XL

Contains  
**12% recycled plastic bottle content**

**SuperFabric<sup>®</sup> inside**

## Product features

- Three layers of SuperFabric<sup>®</sup>\* brand materials provide industry-leading cut, puncture, and needlestick resistance (interior palm layer)
- 12% Recycled polyester 15-gauge cut-resistant shell
- Wrinkle rubber latex three-quarter palm and knuckle coating
- Antimicrobial cotton liner to reduce odor
- Elastic cuff for a comfortable fit
- Single-glove cut, puncture and needlestick-resistant solution
- Vend-packed
