CHROME 4035IMP

Chrome Series® Our signature mechanic's style glove line that redefined cut protection, impact resistance, and dexterity in the safety industry.

The Chrome Oasis® 4035IMP combines a mechanic's glove chassis with added back-of-hand HexVent® material to deliver some of the best cut and impact protection on the market, all while helping to prevent overheating from your PPE. This advanced breathable technology supports our hi-vis impact-resistance system while the palm offers printed silicone synthetic leather grip and an interior layer of SuperFabric® brand material for superior safety and peace of mind. The standard pre-curve design and double-stitched seams provide added dexterity and durability.
