# IAUNIC SERIES.

Safety and comfort are two attributes HexArmor® pairs as often as possible. For the entire Chrome Series®, that meant a pre-curve design, double-stitched seams, and form-fitting hook and loop cuffs on each glove. In applying these to the Chrome Series® 4024, we took it one step further by incorporating a padded palm, designed to reduce vibration and keep your hands comfortable during any difficult task. On the back-of-hand, we implemented our advanced impactprotective system, so your hand is safe from smash injuries from any direction. Lastly, the palm, fingertips, and thumb are printed with a high-grip PVC surface, providing you with exceptional grip in wet, dry, and light oil conditions.

Sizes:	7/S through 12/3XL

## Hex/Armor

### **Product features**

- Padded palm reduces vibration damage while returning a higher level of comfort and extending glove life
- SuperFabric®\* brand material provides industry-leading cut, puncture, and abrasion resistance on the palm (interior layer)
- · Hi-vis back-of-hand impact guards with advanced, low-profile design protects against smash and pinch hazards on the knuckles and fingers
- · Synthetic leather palm with PVC print provides reliable grip in dry or light oil situations while increasing abrasion resistance
- · Interior seams are reinforced with a double stitched core-spun thread, adding further durability and longevity
- · Elastic cuff with a hook and loop closure for a comfortable, secure fit
- Launderable
- · Vend-packed
