IleatArmor 5056INP

Built to handle extreme heat applications such as stick/MIG welding, HexArmor's HeatArmor® 5056IMP gloves are purposebuilt with industry-leading protection, fit, comfort, and longevity.

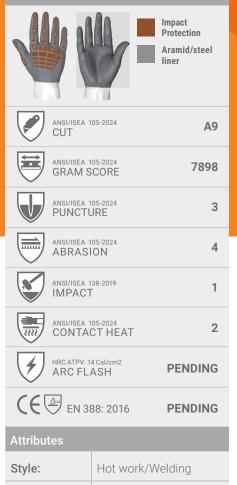

The 5056IMP features a cowhide leather exterior with our revolutionary, long-lasting HeatHide® leather treatment technology while an interior aramid/steel blend liner delivers 360° cut protection – allowing you to switch applications without switching your gloves. Plus, added flame-resistant silicone back-of-hand impact guards provide protection against smash and pinch hazards on the job.
